A wide-angle photograph of a dense forest at dawn or dusk. The scene is filled with a thick layer of mist or low-hanging clouds that drift between the trees, creating a dreamy and ethereal atmosphere. The trees are mostly evergreens, their dark green foliage contrasting with the pale, hazy background. The lighting is soft and diffused, with a warm glow on the horizon where the sun is either rising or setting. The overall mood is peaceful and serene, emphasizing the beauty of the natural world.
